

## On the AEG connections

**By Nichole Wendlandt**

Being involved with AEG has turned many of my colleagues into friends by attending Section Meetings, participating on committees and attending the Annual Meetings. AEG has fostered many friendships with people within my Section and from across the country that I most likely would have never met. It is always fun to catch up

with friends during social time at Section Meetings, and it's nice to be able to reconnect with friends at Annual Meetings and to keep in touch with them throughout the year via email and conference calls.

I had such a great time in Seattle seeing friends and being a part of the great community that AEG provides. If you have not attended an Annual Meeting or Section Meeting in a while (or ever), I encourage you to do so and meet the wonderful people involved in this organization.
