

THE AEG INSIDER

AEG Foundation Welcomes our New Operations Manager, Alex Vazquez

AEG Foundation

Ana “Alex” Vazquez, recently joined AEG Foundation as Operations Manager after a nationwide search. Alex comes to us with fifteen years’ experience with nonprofits in finance, operations, fundraising, and grantmaking. She is based in Oakland, CA, and has already started working with the AEG Foundation Board, learning and analyzing current AEG Foundation processes and utilizing her experience to make them more efficient. Alex is very enthusiastic about us, and loves what we do. She appreciates that we are a community of practitioners who support each other; donors and scholarships both join to strengthen the work of professionals in our organization. Please help me in welcoming Alex to the Foundation!
