

Students - looking to get your name out to the AEG Insider audience? Just have your professor, adviser, supervisor, employer, or Full Member of the Association send me an email at serin@aegweb.org to let me know they think you're swell. Then, all you need is current Student Member status with AEG. Send me a picture and a brief bio of yourself, including your history with AEG, why you are a member, and any other fun personal facts or professional accomplishments and aspirations you wish to include.

Professionals - do you know a student you'd like to recognize? Great! Send a quick email to serin@aegweb.org to let me know you've got someone in mind. That's it. I don't need a long letter about how wonderful they are - please save that for AEG Foundation scholarship applications. I just need to know you, professor, supervisor, employer, or Full Member of the Association think they are an upstanding citizen and a fine, young student member of the AEG. Send me this student's contact information and I'll take it from there.
