

Meet Pancho Garza

Pancho Garza has been an active member of the AEG Arizona Section since its inception. He has served as the AEG Arizona Section Chair from 2010 to 2012, and Chair of the 2011 Shlemon conference. Currently, he is excited to serve as Co-chair of the 2014 AEG meeting to be held in Arizona.

Pancho graduated with a BSE in Civil and Environmental Engineering from the University of Michigan in 1998. Upon graduation, he joined the Peace Corps and volunteered for three years while working on a Hurricane Georges reconstruction project in the Dominican Republic.

Upon returning to the United States, Pancho moved to Arizona. He began working at a local materials testing company where he managed the soils and asphalt testing laboratory. Since 2004, Pancho has worked in the Phoenix Office of AECOM. His project experience has included numerous regional projects throughout the West. His professional focus has been on the geotechnical design of transportation-related projects including pavement design, landslide instrumentation, and foundation design.

In his spare time, Pancho enjoys traveling, hiking and reading. He lives in Phoenix with his wife, daughter and pug.
