

## THE AEG INSIDER

March 6, 2013

# Association of Environmental & Engineering Geologists Shlemon Specialty Conference Dam Foundations Failures and Incidents, May 16-17 – Denver

### *Extension of discounted Shlemon Conference registration fees*

Due to overwhelming demand for the 2013 AEG Shlemon Conference, we have extended the discounted registration deadline to April 1. The conference is moving into a larger room to accommodate the outstanding response. Don't wait to register and risk missing this once-in-a-career event.

The conference will be an excellent cross section of our dam foundation profession including federal and state employees and private consultants. There are sponsorships available at all levels including a limited number of exhibitor booths. If the larger sponsorship levels are cost prohibitive, consider a student sponsorship for only \$300.

We need to train the dam professionals of tomorrow. This outstanding conference will be held in Denver on May 16 and 17 – with an ice breaker with complimentary appetizers the evening of May 15 – at the Hyatt Tech Center. The exceptional conference agenda, registration information and sponsorship registration are available at [www.aegweb.org/ShlemonDams](http://www.aegweb.org/ShlemonDams). Please also provide photocopies of the front and back of your driver's license, per requirements of the Bureau of Reclamation, for the field trip.

Discounted hotel registration is available at <https://resweb.passkey.com/go/AEG2013>. The room rate includes free parking and internet service. Additionally, the Shlemon Conference brochure can be found at <http://www.multibriefs.com/briefs/aeg/shlemonbrochure0307.pdf>
