Licensure watch

Are licensure issues coming up in your state? Is professional registration being challenged? Let us know. Submit updates to the AEG Licensure Committee Chair, Ken Neal (kengneal@aol.com) or AEG *Insider* Editors (enews@aegweb.org).

Two bills to learn more about are coming out of the State Legislatures in Indiana and Missouri.

A bill in the Indiana State Legislature could threaten Professional licensure there. This new bill could eliminate LPG (see Section 11) as a licensed occupation in Indiana unless the legislature specifically acts prior to July 1, 2015, and places a five-year sunset on it thereafter.

A similar bill is being proposed in Missouri. It “authorizes a person to engage in the practice of specified professions without being licensed if he or she does not hold himself or herself out as being licensed.”
