

3rd North American Symposium on Landslides (NASL): Registration is now open!

AEG

The main objective of the symposium is to provide a stimulating forum for geoscientists, engineers, planners, economists, program managers, and other decision makers concerned with landslide hazards and their impact on society.

Papers related to investigation, classification, monitoring, analysis and mitigation of landslides, as well as case studies on innovative analysis techniques and solutions will be presented.

Join us for this memorable meeting in the Virginia Blue Ridge area. The meeting will include technical sessions, short courses and all day field trips.

Be sure to visit the [NASL website](#) for complete details on field trips/guest tour, short courses and exhibitor information!

Headquarters Hotel — The Hotel Roanoke and Conference Center

The symposium hotel is in central Roanoke, the largest city, shopping, and dining destination in the "Virginia Mountains Region." Roanoke is an entry point for the Blue Ridge Parkway - "America's Most Scenic Drive." Local points of interest include several museums, the Historic Roanoke City Market, various craft breweries, and one of Virginia's favorite hikes, McAfee Knob.

Group rate: \$156/night. Make your hotel reservations today!

Outstanding Speakers and Electronic Symposium Proceedings

Check out our outstanding list of keynote and invited speakers that will be presenting at the 3rd NASL! These are in addition to a variety of technical and poster session presenters.

Each presenter will have a paper that will be included in the Electronic Symposium Proceedings. The Symposium Proceedings will be provided to registrants and will be set up as open access through a Creative Commons (CC BY-NC) license.

All Day Field Trips included with Full Registration

Choose from a variety of all-day Field Trips available with a Full registration. Each trip will take place, rain or shine on Wednesday, June 7. From Mountain Lake Landslides to Fortune's Cove - and on to Boulders and Beer, all trips will be first-come, first-served so be sure to sign up today! Lunches, snacks, water and guidebooks will be provided to all field trip attendees.

You'll want to check out the two-day Post Meeting Field Trip as well! Debris Flows and Rockslides of Western North Carolina: 1916 to present slope stability issues. This post meeting trip includes an overnight stay in Boone, NC as well as lunches and snacks. Dinner will be on own.
