

Brews, EECOL and WESCO Teams
Compete in Alberta Electrical Association's
21st Annual Hockey Tournament

The annual hockey tournament has become a winter tradition that pits association members against each other as they vie for bragging rights and trophies. Both the Brews Supply and WESCO teams were undefeated in their respective pools. WESCO won the “A” bracket final beating a team from SMP

The Brews Supply team won the “B” bracket beating the Solaris team.

EECOL played well, but came up short of making the playoffs by losing to WESCO 7 to 5 in round robin play.

A unique aspect of the tournament is that teams can be awarded "Spirit Points" from the referees based on sportsmanship displayed during the games. Tie breakers are decided by who has the most accumulated Spirit Points.
