FOR IMMEDIATE RELEASE

Gordon, Manning, Klecka to Lead Industry VIPs at Gem Jam Tucson 2009

15 January 2009 Paso Robles, California:

Industry VIPs have begun signing up in significant numbers to participate in Gem Jam Tucson 2009.

Premiering on February 5th, 2009, Gem Jam Tucson 2009 will bring together musicians and music lovers within the jewelry industry for an evening of live music, fun and relaxation during the Tucson show.

Lead by jewelry industry icons Gary Gordon, Gerry Manning and Paul Klecka, nearly 20 musicians have registered to play at the event and a large number of fans have pledged to attend to listen and cheer them on.

Gem Jam Tucson 2009 will be an opportunity for musicians within the jewelry industry to take the stage and play together in a minimally structured environment, make music and enjoy a casual evening in the company of fellow industry members.

Proceeds from Gem Jam Tucson 2009 will benefit the Jewelers For Children and the jam is completely endorsed and supported by the American Gem Trade Association (AGTA). Sponsors currently include MVI Marketing, Stuller, Gemagine Inc., BAH Design, Diamond Nexus and Dazor.

Since registration has been strong, musicians are encouraged to sign up early to ensure their place on stage as there will be a limited number of spaces available. Musicians may register at www.gemjammin.com.

Conceived, developed and produced by Jack Malinowski and Marty Hurwitz, Gem Jam Tucson 2009 will take place at *The Hut*, which is located in downtown Tucson at the corner of 4th avenue and 8th street. This location is central to all industry shows and hotels. Gem Jam Tucson 2009 will begin at 9pm and continue until closing time.

For additional information and to sign up to jam, visit the Gem Jam Tucson 2009 website at www.gemjammin.com.
