Support the Foundation of the AIPG

It is that time of year. As you review your dues statement for 2019 and look at end-of-the-year donations, please take the opportunity to include a donation to the Foundation of the American Institute of Professional Geologists. The Foundation is a 501(c)(3) organization so your donation is eligible for a deduction on your taxes.

The Foundation supports a variety of programs of the American Institute of Professional Geologists (AIPG) that include student scholarships, student and young professional workshops, educational programs aimed at practitioners, the public, and policy makers and, on occasion, some special needs requested by AIPG. The Foundation is engaged in primarily educational and scholarship programs. The Foundation may also support public information forums, public education meetings, teacher seminars, and geological seminars for other professionals such as engineers, architects, planners and others; thus coordinating the expertise of several professions for a better understanding of the geosciences and global issues. The Foundation is proud to be able to serve AIPG and the geosciences by providing financial support for these programs.

We ask that you support the Foundation with monetary contributions that would be used primarily to fund our scholarship and young professional initiatives, and other Foundation programs as well. The Foundation relies on the support of generous individual and corporate or group donors for financial contributions or gifts in kind. Information about donations is on the Foundation web page of the AIPG web site http://aipg.org/foundation. You may donate on-line or send your donation check by mail to:

If you have any questions or comments about the Foundation, please contact me for additional information.

Thank you for your support of the Foundation so the Foundation may support AIPG and the geosciences. Your continued interest and support is greatly appreciated.
