

Join the Evolution
Be one of the first to see the Tempo® High Speed Planter

Join our exclusive event at Canada's Outdoor Farm Show. We want to show off our lineup of high-speed, precision planting, seeding and tillage equipment – all on display at the East-Can booth. Come check out the new Tempo High Speed Planter, versatile Carrier® tillage implements and the Rapid drill – all products of Väderstad, a leading Swedish agricultural equipment manufacturer, now available in Ontario. We'll also be highlighting E-Control – our wireless iPad control system that puts calibration data at your fingertips.

Be sure to check out our corn plot at COFS, planted by the Tempo High Speed Planter at four speeds – from 6 to 10.5 mph – in May. Live planting demonstrations will be featured daily at 2pm in the southwest demo fields.

Date: Tuesday September 9, 2014

Time: 8:30 am to 10 am

Place: East-Can booth at Canada's Outdoor Farm Show, Middle Machinery Mall, between 1st & 2nd lane

RSVP now: www.rsvp.TempoPlanter.com

Don't delay. Be sure to RSVP by September 2 so we can mail you show tickets and ensure that you don't miss out on:

- A full lineup of equipment on display
- Interactive displays
- Breakfast
