Eleventh Symposium on Joint Preserving and Minimally Invasive Surgery of the Hip

The University of Ottawa is proud to offer the Eleventh Symposium on Joint Preserving and Minimally Invasive Surgery of the Hip to be held June 4-6, 2015 in Ottawa, Canada. We’ve developed a 2 ½ day symposium dedicated to a scientific and practice oriented discussion of current topics and controversies in treating the young adult with hip pain. Topics discussed will be Hip Arthroscopy, Femoroacetabular Impingement (FAI) / Dysplasia; Hip Resurfacing, less invasive hip replacement surgery as well as expert panels to discuss controversies of metal on metal bearings, dual mobility and large ceramic heads. A new feature to our program is 2 hands on skills laboratories for hip arthroscopy, osteotomy and less invasive total hip replacements.

LEARNING OBJECTIVES 2015

This Eleventh Symposium on Joint Preserving and Minimally Surgery of the Hip represents an advanced level course on techniques for hip arthroscopy as well as in-depth discussion in diagnosis and management of pre-arthritic hip deformities. These topics are combined with discussions on the latest advancement in total hip arthroplasty in both surgical techniques, implant design and rehabilitation protocols make it a comprehensive course.

A. Explain Differential Diagnosis and essential imaging of the painful pre-arthritic hip
B. Discuss current indications and results of osteotomies about the hip
C. Formulate a treatment algorithm for labral tears
D. Understand the principles of hip arthroscopy
E. Explain techniques of labral repair as well as capsular management
F. Explain indications for new surgical approaches as well as their impact on rapid recovery programs
G. Explain investigation of the painful metal on metal total hip
H. Recognize the clinical indications for various implant designs for both primary and revision hip surgery.

ACCREDITATION

This program meets the accreditation criteria as defined by the Maintenance of Certification program of the Royal College of Physicians and Surgeons of Canada and has been accredited by the University of Ottawa, Office of Continuing Professional Development for up to 11.25 Mainpro-M1 credits and up to 7 hours of Section 3 (simulation) hours.

Through an agreement between the Royal College of Physicians and Surgeons of Canada and the American Medical Association, physicians may convert Royal College MOC credits to AMA PRA Category 1 Credits™. Information on the process to convert Royal College MOC credit to AMA credit can be found at www.ama-assn.org/go/internationalCME.

June 4-6, 2015

Fairmont Chateau Laurier, and University Of Ottawa Skills and Simulation Centre, Ottawa, ON, Canada

Case Discussions with the Experts

Participants are encouraged to bring cases to discuss with our faculty. Cases involving dysplasia, impingement, labral tears and hip resurfacing are of particular interest. Bringing the cases in an electronic format would greatly facilitate the discussion process.
ATTENDEE ENROLMENT FEE INCLUDES:
2.5 day conference program includes continental breakfast and refreshment breaks daily, lunch on Thursday and Friday plus networking opportunities at our Welcome Reception on Thursday.

BOOK EARLY AND SAVE! Early booking enrollment Fees apply for registrations received on or before April 15, 2015
$500.00 CAD - for Physicians $425.00 CAD - Discounted rate for Trainees
Enrollment Fees for registration received on or after April 16, 2015
$600.00 CAD - for Physicians $475.00 CAD - Discounted rate for Trainees
* Physicians Assistants, Fellow, Residents and Nurses
** To receive the discounted rate, Fellows and Residents must provide a confirmation letter of status from the department Chief or Training Director. Send letter via fax to +1-613-761-5262 or email cme@toh.on.ca

All registrations are in Canadian dollars.
By Mail: Complete the attached registration form with payment and mail to address indicated at bottom of registration page.
By Fax: Send your completed registration form with charge card information and authorizing signature. Fax (1) 613-761-5262

COURSE REFUNDS: Cancellations must be received in writing by April 30, 2015 and will be subject to a $75.00 processing fee. No refunds will be given after this date. If for any reason the course must be cancelled, discontinued or rescheduled by the University of Ottawa, Office of Continuing Professional Development, a full refund will be provided.

day 6:00 AM – 12:00 PM

• Introduction to the Pre-Arthritic Hip
• Indications for Pelvic Osteotomy
• Evolution in techniques and protocols in FAS Surgery
• Instability of the native hip joint
• Extreme joint preservation of the hip

day 6:00 AM – 12:00 PM

• Combined procedures for hip preservation defining the indications.
• Controversies in joint preserving surgery of the hip
• Which is better anterior or posterior approach
• Is there still a good candidate for hip resurfacing?

day 6:00 AM – 12:00 PM

• Cadaver Sessions - Hip Arthroscopy
• Surgical Dislocation
• Pelvic Osteotomy
• Case based discussions
