

Holland's Long Range Shooting School

Hunters World Wide trust **Holland's Long Range Shooting School** to provide them with the knowledge and expertise to make those difficult shots in the field. Some opportunities only come once in a Lifetime! Are you confident that you can make a steep downhill shot at 438 yards in a 10 mph wind at 12,000 feet elevation?

We are your Source for Leupold Schmidt & Bender and NIGHTFORCE rifle scopes with **Advanced Reticle Technology**.

Don't miss our Seminar on Long Range Shooting at the Dallas SCI show! Special handouts for those in attendance. If you "Miss" this Seminar, you'll continue to "Miss" targets in the field.
