The *Emergency Care of Stroke Patients 2014: Defining the State of the Art and the Science* program was created based on a deeper need for stroke education for the continuum of emergency care providers. Treatment modalities and best practices are constantly changing and being improved upon in the treatment of stroke - this program will communicate that information and provide a forum for discussion and networking. This program will cover the full spectrum of proper treatment of strokes in both the prehospital and hospital environments.

Cost

Physician - \$250 | Nurse, PA - \$225 | EMS - \$200
Medical Students - \$150 if registered before Oct. 22,
\$175 after Oct. 22, 2014 | EM Residents - Free
