

# Participate in Provider Opinion Webinar for Prediabetes

---

By CDAK

We can't prevent diabetes without you! The Chronic Disease Alliance of Kansas (CDAK) is requesting 1 hour of your time to give us your thoughts on the AMA-CDC Prevent Diabetes STAT toolkit materials for prediabetes awareness. This information will help determine how CDAK can assist you and other providers with using this resource in Kansas. Please join us for a webinar and conference call on either Tuesday, July 7 or Wednesday, July 8 from noon to 1 p.m. We are looking for input from physicians, PAs and APRNs.

CDAK is a multi-disciplinary group committed to reducing the physical, emotional and financial burden of chronic disease in Kansas. CDAK members include public health professionals, community organizations, health care providers, academic researchers and individuals working to reduce the prevalence and impact of chronic disease in Kansas.

Please register to participate in the CDAK Provider Opinion Webinar on Tuesday, July 7 at noon at

<https://attendee.gotowebinar.com/register/8663372440490503169>

OR

register for the Wednesday, July 8 noon webinar at
