Wesley Medical Center, Cessna Conference Center

"Infant Mortality: Our Babies,  
Our Community, Our Future"

The Kansas Infant Mortality Rate (IMR) exceeds the Healthy People 2020 objective of 6.0 deaths per 1,000 live births. The white, non-Hispanic population IMR met this target, while the Hispanic and black non-Hispanic rates of 8.6 and 14.2 respectively, do not. Let's gather as a community to tackle this difficult problem and address solutions.
