[Palliative and End-of-Life Care 2015-2016](#)

- *through Feb 9*

[Cancer 2015-2016](#)

- *through Feb 22*

Nominee Instructions below:

Nominees must submit all the documents directly in their electronic nomination system via the link -

Documents Required below and additional information (contact) is required in structured fields:

- **Bio** (no more than 100 words)
- **CV** (no more than 20 pages)
- **Statement of Interest** – geared towards your knowledge, skills, and competencies highlighted match those specifically referenced in the Call for Nominations (see links above)

Additional Caveats:

- NQF is looking for expertise in both the domain/concept area as well as quality measurement.
- ANA supports qualified ANA members as nominees. Nominees should send their bio to Maureen Dailey (Maureen.Dailey@ANA.org) for consideration. ANA works directly with NQF to support ANA nominees.

- It is helpful to highlight membership in ANA, an NQF member, as well as additional NQF Member Organizations other than ANA (e.g., some of the ANA Organizational Affiliates are members of NQF) in the statement of interest.
- NQF prioritizes members for appointments when deciding between nominees that are equally qualified.
- List of ANA OAs: <http://www.nursingworld.org/AffiliatedOrganizations>. List of NQF Organizations - https://www.qualityforum.org/Membership/Members_by_Alpha.aspx
- No support letter(s) are required. In fact, the NQF's system does not accept them in their system.
- ANA supports novice appointees to understand the NQF processes and standards.

Request – Please keep both Maureen Dailey (Maureen.Dailey@ANA.org) and Barbara Opatick (Barbara.Opatick@Ana.org) informed of your nomination submission and appointment status.

- ANA tracks ANA member nominees and appointments in a Table of Representation.
- NQF will send to you an E-mail with a letter about your appointment status (can take several weeks to 2 months to hear back). ANA tracks member nominees submitted and appointed.
