Mobile Devices | Risks and Solutions

Tuesday, March 29, 2016 (2:00 PM Eastern Time)

This webinar addresses the rising use of company and personal mobile devices by employees both in and out of the office and the associated risks, including security and privacy. This webinar also gives insight into claims that could result from improper use of devices and policies and procedures, and provides practical, uncomplicated guidance that employers can use to help reduce their risk.

REGISTER NOW →

WHO SHOULD ATTEND

- HR Professionals
- Compliance Officers
- Internal Auditors
- Risk Managers
