

# Strategic Plan 2015–2018

**NAPT**  
National Association for Pupil Transportation

## GOAL 1

Identify the needs of school transportation professionals and ensure that the association model meets their needs

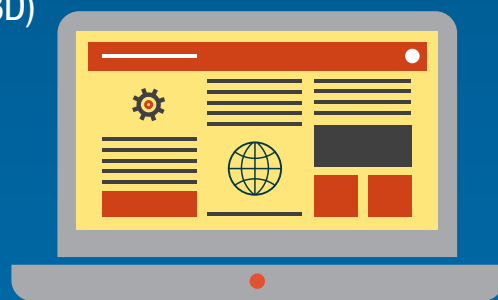

-  Identify and communicate with all pupil transportation professionals
-  Determine the needs of all pupil transportation professionals
-  Make NAPT programs relevant & accessible to pupil transportation professionals
-  Ensure NAPT's governance is effective

## GOAL 2

Provide school transportation professionals with resources designed to improve their communication and decision-making capabilities

-  Turn the NAPT Data Driven Decision-making (3D) project into a viable business unit
-  Use research and data analysis to generate valuable information
-  Include state associations and international partners in continuously developing public policies

## GOAL 3

Increase the number of school transportation professionals that are certified by NAPT

-  Expand and enhance the quality, relevancy and accessibility of NAPT professional growth opportunities
-  Increase awareness of NAPT professional growth opportunities among national/state/regional education and transportation organizations
-  Develop the next generation of school transportation professionals
