## NJDOT 2020 STATE AID GRANT PROGRAMS

Grant applications are now being accepted for the following New Jersey Department of Transportation's (NJDOT) 2020 State Aid programs:

### Municipal Aid

This \$151.25 million program has been a significant resource in funding local transportation projects. All municipalities are eligible. The Department continues to encourage municipalities to consider using the Municipal Aid Program to fund projects that support walking and biking in their communities especially now that additional funds are available. NJDOT has set a goal to award up to 10 percent of the Municipal Aid Program funds to projects such as pedestrian safety improvements, bikeways and streetscapes. An additional \$10 million is provided in Urban Aid for a total of \$161.25 million.

### Transit Village

This program will award grants totaling \$1 million for traditional and non-traditional transportation projects that enhance walking, biking and/or transit ridership within a half mile of the transit facility. Only New Jersey municipalities that have been designated as Transit Villages by the Commissioner of Transportation and the inter-agency Transit Village Task Force are eligible to apply. The eligible town list can be found at: <http://www.state.nj.us/transportation/business/localaid/transitvillagef.shtm>

### Bikeways

This \$1 million program is intended to fund bicycle projects which create new Bike Path Mileage. It is available to all counties and municipalities. The Department continues to work toward the goal of achieving 1,000 miles of dedicated bikeways in New Jersey. Special consideration will be given to bikeways that are physically separated from motorized vehicular traffic by an open space or barrier, but on-road bike lanes and other bike routes and facilities are also eligible for funding.

### Safe Streets to Transit

The intent of this program is to encourage counties and municipalities to construct safe and accessible pedestrian linkages to transit facilities, in order to promote increased usage of transit by all segments of the population. A total of \$1 million is available for grant awards.
