

Terminix of the Triad Donates to Greensboro Science Center's "Creepy Crawlies" Exhibit!

Terminix of the Triad in North Carolina is proud to partner with the [Greensboro Science Center](#) to help make big things happen! Terminix Triad has donated to the Greensboro Science Center to help fund their new project, WunderWorld: Denizens of the Dark--an experience that aims to entertain and educate visitors on the most intriguing and misunderstood creatures and life beneath the Earth's surface. Within WunderWorld is "Tomb of the Gaboon," a captivating gallery that explores the complex life of creepy crawlers such as bugs, bats, scorpions, and snakes.

As natives to the area, the team at Terminix Triad is thrilled to help support the Greensboro Science Center and are proud to be active members and supporters of the local community!

Terminix Triad provides pest control services to homeowners in the Triad area, including pest control, termite control, bed bug control, mosquito control, and more. Terminix Triad is a locally-owned and operated pest company in [Greensboro](#) that has serviced the Triad area since 1932. In addition to their dedication to providing the safest, most reliable pest control services to Triad residents, they are also committed to employing locally and giving back to the community.
