SHOPPING FOR AFFORDABLE HEALTH INSURANCE

Health care costs have increased more than twice the cost of inflation in recent years.

The key to finding affordable group and individual health insurance is to know exactly what you need and what you can afford. By knowing what you need, you can choose the right insurance plan that suits you and your employees best without costing too much.

However, researching health insurance is very time consuming and can be very frustrating unless you are extremely savvy in the healthcare arena. Therefore, ACSM has partnered with Mass Marketing Insurance Consultants, Inc. (MMIC) to help you design a healthcare program to fit your needs, your employee's needs and your budget.

ACSM members can obtain a **free no obligation quote** through Mass Marketing Insurance Consultants, Inc. (MMIC).

Complete a proposal request form by going on line to:

www.mmicinsurance.com/ACSM

Within 48 hours, MMIC evaluates and negotiates with two companies to tailor a plan that best fits your needs and sends you the proposal with the rates and benefit comparisons.

ACSM members should explore this opportunity and take advantage of the healthcare options and savings MMIC can provide. Working with MMIC will be a very positive experience.
