

**The National Society of Professional Surveyors Foundation, Inc. (NSPSF)
Disaster Relief Fund (DRF)
(September 12, 2017)**

The professional land surveying community is truly remarkable. This profession does not hesitate to help its colleagues. A steady response from surveyors across the country, began the moment news reports of Harvey's destruction were broadcast. To each of you, who have already donated to the NSPSF DRF, thank you for your immediate generosity.

The National Society of Professional Surveyors Foundation, Inc. (NSPSF) was incorporated in 1995. NSPSF is dedicated to promoting educational, scientific and charitable activities in the fields of surveying, mapping and land information sciences. NSPSF maintains and awards various scholarships for aspiring surveyors and supports educational programs helping current professionals enhance their knowledge and expertise. NSPSF also maintains funds and programs to assist members of our profession in times of unexpected need. Among these funds is the DRF.

Through the Disaster Relief Fund, NSPSF assists surveyors, from all parts of the country affected by disasters of all kinds. This assistance is available, whether the applicant is a member of NSPS or not.

Many NSPSF programs were established and are supported by funds dedicated for the programs specific purpose. This is not the case with the NSPSF DRF. The DRF is funded solely through contributions from the many generous members of the professional surveying community. The funds in the DRF are used for no other purpose. Over the years the NSPSF has responded to numerous requests and distributed funds to surveyors in need. Time and again the profession has responded by replenishing the DRF. To date the NSPSF DRF has been able to respond to each request we have received from Texas.

With some urgency we must emphasize the affects of Harvey on Texas have been profound and now this has been compounded by Irma's devastation in Florida and the wild fires over several western states. The NSPSF DRF wants to continue to respond to every request we can. This will only be possible with the continued support of the surveying community and its network of surveying companies and corporate sponsors. If you have not donated to the DRF, please make a contribution today. If you have already donated and can extend your generosity please contribute again. NSPSF has been fortunate to have funds in place as needs arise. Through your generosity NSPSF will be able to continue to provide help whenever it is needed, and again thank you to all of you!

Robert Dahn, NSPSF Trustee

P.S. NSPSF membership is separate from NSPS membership and requires your individual effort to become a member. Please become an NSPSF member today. Foundation membership helps support all our programs. NSPSF is a 501c3, your donations are tax deductible and the rewards are worth so much more.
