

PBUS Mid-Year Meeting

July 21-24, 2019

JOIN US AT

The Hotel Monteleone in New Orleans, LA

Yes, New Orleans had some rain due to tropical storm Barry – but they're back to doing what they have been doing for the past 300 years ... getting on with the good times! Their world-famous restaurants have fired up the ovens, hotels are making up the beds, the bands are tuning up their instruments and are all ready to show visitors what New Orleans is all about. From

the Rolling Stones at the Mercedes-Benz Superdome, to Tales of the Cocktail, the world's premier cocktail festival, to Michael Bublé performing at the Smoothie King Center – New Orleans is ablaze with activity.

Many times people can only make a judgment based on what they see in

pictures and on TV. While other parts of Louisiana were affected by excess rain, the storm didn't affect New Orleans other than some light rain and a couple stiff breezes here and there. Sunshine is back in the skies and all can take advantage of restaurants, music venues, and sightseeing

just as they would any other time.

PBUS has a fantastic line-up of speakers and the most up-to-date information on our successes on bail reform across the country. Interactive and educational breakout sessions will also be offered that you will not want to miss! The President's luncheon will be held on Tuesday as well as the Council of Presidents' meeting. As always, we appreciate our exhibitors being a part of the Mid-Year Meeting and showing our members products and services to grow their business.

The Hotel Monteleone still has some room availability if you haven't made a reservation. The reservation department is open from 8:00 am to 6:00 pm CST and reservation agents would be glad to assist you. Don't delay – call TODAY at **800-217-2033** before all rooms are gone!
