**Innovative Nonwovens Conference (NETInc) Announces Program Topics**

The [NETInc Innovative Nonwovens Conference](#) , April 29-May 1, 2013 in Atlanta, Georgia, is the only technical conference developed by engineers and technologists to help you understand the innovation behind the science and how it impacts the market.

Program topics include: Nanotechnology, Binders and Additives, Building Sciences, Health Care and Medical Applications for Nonwovens, Manufacturing Technology, Process Management Technology and an Intro to Nonwovens Tutorial.

With several focused tracks, NETInc offers peer reviewed papers, expert speakers, and exclusive networking opportunities. NETInc participants can also enjoy the full PaperCon program and exhibits, Tissue360 Forum, RPTA P-T Seminar and the OpEx Reliability Workshop with their registration. [Learn more about NETInc.](#)
