

Topics Announced for Innovative Nonwovens Conference

TAPPI is pleased to announce the call for papers for the [2013 NETInc Technical Program](#). **NETInc** stands for the **I**nnovative **N**onwovens **C**onference, organized by the Nonwovens Engineers and Technologists (**NET**) Division of TAPPI. **NETInc** is the perfect forum for a new constituency of industry and academic researchers, the professionals from the nonwovens and affiliated industries and the academic community to enable connections and synergies that support capability development and innovation for industry growth.

The [2013 NETInc Conference](#) will be co-located with [PaperCon](#) in Atlanta, Georgia. For the first time, NETInc attendees will be able to take advantage of presentations in other, relevant areas, such as coating, papermaking, and tissue manufacturing. The Technical Program Committee is seeking abstracts for the following topics:

- **Fiber & Polymer Innovations**
- **Nanotechnology**
- **Emerging Technologies**
- **Fiber & Nonwoven Functionalities**
- **Fiber Processing**
- **Converting Technologies**
- **Nonwovens Processing**
- **Smart Nonwovens**
- **Nonwoven Composites**
- **Building Sciences**
- **Environmental Updates**
- **Market Trends**
