They will ride twice a day and get to experience group instruction taught by a few of our very successful Graduate A Pony Club members and alumni. Good basic riding skills will be taught using a variety of methods such as playing games on horseback, learning how to ride in the open safely in a group, and working towards their next certificate will all be taught during the mounted instruction. Besides riding they will have un-mounted instruction in the barn and a chance to experience taking care of their pony while at the Kentucky Horse Park.
There are only a few slots left for D Camp so make sure to register soon! <http://www.ponyclub.org/?page=FestivalReg>
