

# 2014 IAOPA World Assembly

## COPA members invited to attend

COPA, as a founding member of the International Council of Aircraft Owner and Pilot Associations, participates in the bi-annual meeting of all AOPAs. Delegates, through resolutions adopted at the World Assembly, will shape the future priorities and efforts of IAOPA on the world stage. In addition to delegates (COPA will be represented by President Kevin Psutka), members of all affiliates are invited to participate as observers in the business of IAOPA and attend all social and touring events.

The 27th IAOPA World Assembly will occur on 9-13 September 2014 in Beijing, China, with excursions planned on the 11th and 14-17. This is an ideal opportunity for COPA members to see IAOPA in action, meet like-minded people from around the world and experience China through guided tours.

AOPA-China has developed a website for one-stop shopping <http://www.aopa.org.cn/zt/iaopa/>. Review the events, including a two-day tour of Beijing and the Great Wall and a trip to Xi'an, and then fill out the registration, hotel and excursions form before 1 June for a 15% savings. Plan to arrive a couple of days early to adjust your internal clock and stay a few days after the Assembly to take advantage of the excursions.

For logistics and event planning, please contact AOPA China [info@aopa.org.cn](mailto:info@aopa.org.cn) and for information about COPA's participation in IAOPA please see IAOPA rep and COPA Director Frank Hofmann's three-part article about IAOPA <http://www.copanational.org/aopa.cfm>

Read COPA member Claude Roy's 2012 experience at the assembly in South Africa. The article is on page 4 of the 2012 June COPA Flight. The following link takes you the 2012 digital COPA Flights: <http://www.copanational.org/COPAFlightDigital2012.cfm>
