

TAKE ACTION NOW

Attention Commissary Patrons and Employees

The Pentagon is moving to drastically cut commissary funding, eliminating all stateside support, and reducing the current funding level of \$1.4 billion by \$1 billion.

Major impact on you and your family:

- ✗ Your 30 to 50 percent savings would disappear.
 - ✗ It would cost military families thousands of dollars at a time when food inflation rates are doubling.
 - ✗ You would lose your EARNED benefit, amounting to a cut in pay.
 - ✗ Commissary employees would lose their jobs as patronage drops and stores close.
 - ✗ Commissary cuts and closures would fuel anxiety over a wide range of proposed cuts – pay raises, BAH, TRICARE, troop reductions, and base closures.
- ✓ Don't allow this EARNED benefit to be taken away.
 - ✓ Don't allow your hard EARNED benefits to fall one by one.
 - ✓ The President and Congress need to hear from you now!!
