

Prof. Dr. Dr. Bettina Pfleiderer (PhD., MD.)
physician—researcher—mother—gender expert
webmaster—great organizer—hard worker—good listener

I am writing to ask for your vote for President-elect of MWIA.

MWIA Executive Experience

- Chair of Scientific and Research Committee of MWIA
- Designed new MWIA webpage
- Webmaster of MWIA webpage
- Member of editorial board of MWIA on-line journal
- Attended MWIA regional meetings in Georgia—The Netherlands--Thailand

International MWIA Meetings

- One of the three members of the local organization team for Münster
- Chair of the Scientific Committee for the congress program for Münster and coordinating the scientific program for Seoul

German Medical Association Experience

- President of Münster Branch for the last four years, organizing 8 events annually
- started networking program for Münster young doctors and students
- member of the mentoring program for female medical students/doctors nationally

Clinical Work

Head - Research group Cognition & Gender, Department of Clinical Radiology
University Hospital Münster

Gender Expertise

- Leading expert nationally and internationally on gender medicine
- Project lead for the German Federal Ministry of Education and Research to integrate sex and gender into the curriculum
- Project lead for the European Social Fund for ‘women at the top in medicine’

If I can count on your vote for MWIA as President Elect, I shall use my experience in health politics and networking, my scientific background as Professor at the medical faculty of Münster, as well as my profound organization skills for the work of MWIA. I shall present the ideas of MWIA with passion, warmth and conviction to further increase its visibility and political impact to improve the health of women and children worldwide, promote gender medicine and as such being an eloquent ambassador of the MWIA worldwide.

Sincerely, Yours

Please cast your vote for Bettina Pfleiderer for President Elect!
