APSP UNIVERSITY OFFERS NEW INDUSTRY CERTIFICATION

PPSO Professional Pool & Spa Operator Course Starts this November

The Association of Pool & Spa Professionals (APSP) announces new certification PPSO Professional Pool & Spa Operator Course. The course is the industry’s new premier program for commercial swimming pool operators, managers, engineers, service company professionals, health officials and facility owners.

This new certification gives students a solid foundation and empowers them by giving them the essential skills they need to be a successful pool operator. PPSO will debut at the 2017 International Pool | Spa | Patio Expo in a free information session on Thursday, November 2 from 9:30-11 a.m. in Room N210A and courses will be taught starting in January of 2018.

“The PPSO course is a natural fit with APSP University’s other course offerings.” said Rich Gottwald, APSP’s president & CEO. “PPSO marks a new era for APSP University – one in which we offer programs created by your association for your industry.” Gottwald encourages seasoned industry professionals to become PPSO instructors. “Becoming part of the elite group of PPSO instructors is a great way to share your passion and expertise with the next generation,” he added.

Starting in January 2018, students can take the PPSO course at the following 2018 Industry Shows: Southwest Pool & Spa Show, Mid-America Pool, Spa & Outdoor Living Show and the Western Pool & Spa Show.
