

**January 15, 2014**

**2:00 pm ET**

**Effective Communication  
In the Cytology Laboratory**

**Lois Rockson, MPH, MAEd, SCT(ASCP), CMIAC**

*Assistant Professor*

*Rutgers, The State University of New Jersey*

*School of Health Related Professions*

*Cytotechnology Program*

*Scotch Plains, New Jersey*

1. Define the term communication and its importance in the cytology lab
2. Identify barriers to ideal laboratory communication
3. Discuss effective communication processes in laboratory settings

**February 12, 2014**

**2:00 pm ET**

**Cytopathology of Soft Tissue: A Practical Approach**

**Liron Pantanowitz, M.D.**

*Associate Professor of Pathology,*

*Director of FNA Clinic, University of Pittsburgh Medical Center, Pittsburgh, Pennsylvania*

1. Review principles involved when performing FNAs of soft tissue lesions
2. Summarize practical diagnostic categories used in soft tissue cytopathology
3. Discuss ancillary techniques used to evaluate soft tissue cytohistology
