

Cytology Association of Alabama

Save the Date!

The Annual Meeting of the Cytology Association of Alabama/The UAB Cytotechnology Program celebrates its 50th year Anniversary!

The Cytology Association of Alabama in concert with the UAB Cytotechnology Program will hold its annual meeting **September 28 at “The Club” in Birmingham.** To celebrate the event, the keynote speaker will be Dr. Marshall Austin, a nationally recognized expert in the field of cytopathology. A graduate of Duke University School of Medicine, Dr. Austin is a Professor of Pathology and Director of Cytopathology at Magee-Women’s Hospital at the University of Pittsburgh Medical Center. Dr. Austin will speak on (1) Type 1 vs. Type 2 Cervical Cancers and (2) Targeted Educational Rescreening: An Under Utilized Quality Improvement Tool.

We invite and encourage all cytotechnologists, pathologists, pathology residents, cytotechnology students, gynecologists, and especially the former UAB cytotechnology graduates to join us for the meeting.
