

1GPA Welcomes New Team Member, Lynn Hagen!

My work experience has always been in the public service arena. First for my country with close to 15 years with the Federal Government, in a capacity that allowed me to live and work overseas. A relocation to Arizona for family responsibility, found me seeking a new path in which to follow. For the past 14+ years, I have been working in public procurement and contracts administration/management. These positions have been in Public School Districts, Department of Corrections, and the City of Phoenix. I have found that every position I have held in my long career, there is one resounding commonality. Ethics. Each of the positions I have held, required a strong ethical belief and execution. This brings me to the present. In June of 2018, I came onboard with 1GPA as an Executive Contract Consultant. I was very familiar with 1GPA, having worked with them in a Lead District capacity and of course, taking advantage of using many of their cooperative contracts. I am so happy to bring all of my experience and enthusiasm to 1GPA, which allows me to continue my work with contracts, reaching out and communicating with public entities and procurement professionals, and being part of a great team of people that share the same mission, beliefs and goals!
