

Committee Interest Form to be distributed among Chapters and their members per ACEP's request

Committee interest for FY 2016-17 is now open. Various ACEP publications will outline the process for members and information is also on the ACEP web site. Members interested in serving on a committee, and who are not currently serving on a national committee, must submit a completed committee interest form and CV by May 16, 2016.

The CV and any letters of support from the chapter can be attached to the online form (preferred), emailed to me at mfletcher@acep.org, or mailed to me at ACEP headquarters. Chapter input is invaluable to this process. If you have personal knowledge of the level of commitment and talent exhibited by the interested member, please consider submitting a letter of support.

The online application form is found [here](#). After completion of the form, you should receive an acknowledgement that your committee interest form has been submitted. If you do not receive this message, please contact me by email or phone.

The committee selection process will occur in mid-June and applicants will be notified by the end of July. Members chosen to serve on committees will serve a minimum of one year, beginning with the committee's organizational meeting held during the annual meeting in Las Vegas, October 16-19, 2016. (Funding is not provided to attend the organizational meeting.) **The appointment is contingent on the member completing a Conflict of Interest form and submitting by the deadline.**

PLEASE NOTE: Current committee members DO NOT need to complete a committee interest form. Current committee members will soon receive the annual committee evaluation form and will have the opportunity to indicate their preference for next year.
