Office of Congressman Donald S. Beyer Jr. (VA-08)
431 Cannon House Office Building
Washington, DC 20515

Dear Congressman Beyer and staff,

Please allow this letter to serve as a display of support by the American Association for Adult and Continuing Education (AAACE) of the soon to be proposed bill which would allow individuals providing adult education the same above-the-line tax deduction as is allowed for expenses of elementary and secondary school teachers.

I am expressing this display of support on behalf of the American Association for Adult and Continuing Education (AAACE) Board of Directors.

Regards,
