

Free Kidney Screening: March 27 at Wichita YMCA

Each year, kidney disease kills more Americans than breast and prostate cancer combined. Please [download this flyer](#) and share with your Wichita area patients, that The National Kidney Foundation is offering a free kidney screening through its KEEP Healthy program.

Friday, March 27, 2015
Downtown Wichita YMCA
402 N. Market Street
Wichita, KS
9:00am – 1:00pm

Participants will answer a brief health risk survey and have their height, weight and blood pressure measured. At-risk individuals will have their kidney health checked through a simple, onsite, ACR urine test. A medical professional will review results and provide more information. For more information call 913.262.1551 or email stephanie.hardin@kidney.org
