

HPV Grand Rounds Session and Community Meeting: May 6 (Kansas City) & May 7 (Wichita)

Melinda Wharton, MD, MPH, Director of the National Center for Immunization and Respiratory Diseases (NCIRD) is visiting Kansas to bring awareness to the Human Papillomavirus (HPV) vaccine.

Click the dates and links for more information and to register for this free session:

[May 6, 2015: KS Public Health Grand Rounds "2015 Spring Session, HPV" Kansas City](#)

Providers near the KU Medical Center can participate in-person at the Clendening Auditorium. A webinar option is only available for the May 6th event.

[May 7, 2015: KS Public Health Grand Rounds "2015 Spring Session, HPV" Wichita](#)

Dr. Wharton is responsible for the national leadership for the immunization of children, adolescents and adults. Her visit will take place May 6 (Kansas City) and May 7 (Wichita). Mark your calendar to participate in this exciting event!

Dr. Wharton's visits include discussions with physicians, Cancer Center representatives and local public health officials. Topics addressed will be around quality improvement; local innovations; and barriers and successes to improve Kansas HPV vaccination rates.
