

ICD-10 is here October 1

Need Help with ICD-10? Family Practice Management and the AAFP offer an eBook that breaks down the code set into manageable parts <http://t.co/HD7pN1Xfiv> (<https://twitter.com/aafp/status/648574762239795200?s=09>) Get the official Twitter app at <https://twitter.com/download?s=13>

As the Oct. 1 implementation deadline for ICD-10 quickly approaches, physicians need to be prepared for handling any claims processing issues that result from using the new code set.

Physicians who experience claims processing issues should report their complaint to CMS. AMA has a web page set up to [submit a complaint](#) and access [resources](#) to aid physicians in implementing the new code set.

Check out AAFP's Family Practice Management editorial [ICD-10: Our Newest Documentation Dilemma](#) discusses insurance company possible issues with payment/reimbursement.
