

Kansas Delegation participates in ACLF and NCCL

KAFP

Last week, AAFP held its National Conference of Constituency Leaders (NCCL) and Annual Chapter Leadership Forum (ACLF) in Kansas City. Both were excellent meetings. ACLF serves as a great orientation for emerging leaders who serve, or who are interested in serving, on chapter boards. NCCL is the AAFP's forum to address member issues specific to women, minorities, new physicians, international medical graduates (IMG) and GLBT physicians or physician allies. The conference is an opportunity for members of these underrepresented constituencies to voice their individual and group perspectives.

Thank you to the following KAFP members who attended and represented Kansas:

NCCL Delegation:

Jen Brull MD, FAAFP (Plainville) for GLBT caucus
Sarah Tully Marks, MD (Shawnee) for New Physicians caucus
Margaret Smith, MD (Kansas City) for Minority caucus
Danelle Perry MD (Overland Park) for Women caucus
Pei Chi Fu MD (Wichita) for IMG caucus
Jen McKenney, MD, FAAFP (Fredonia) as a general registrant
