Free EHR Implementation and Optimization Services to Medicaid Providers

KFMC and KDHE's Division of Health Care Finance (KDHE/DHCF) are working together to assist Medicaid healthcare providers in Kansas to provide health information technology assistance.

Consulting services offered include expert assistance with:

- EHR Selection
- EHR Implementation
- Meaningful Use
- CMS EHR Incentive Programs
- Privacy and Security Risk Assessment and Mitigation
- Process Analysis and Redesign
- Health Information Exchange Connectivity

You are eligible for free services if all four of the following statements are true for you.

1. I am a physician (MD, DO), nurse practitioner, nurse midwife, or dentist.
2. I am contracted with at least one of the three managed care organizations (United Healthcare, Sunflower, Amerigroup) as a Medicaid provider **OR** I have a Kansas Medical Assistance Program (KMAP) Fee-for-Service number.
3. I have NOT attested to Meaningful Use to the CMS EHR Incentive Program.
4. I am NOT hospital-based. (An eligible professional is considered hospital-based if 90% or more of his or her services are performed in a hospital inpatient (Place of Service code 21) or emergency room (Place of Service code 23) setting.)

If all of these statements are true for you, please reply to Kelly Stephens at 785-271-4112, or kstephens@kfmc.org. Please reference "KDHE MU Assistance" with the following information: Provider Name / Organization Name / Phone / Email
