

Wrap up your fiscal year by ordering some great immunization tools!

by IAC Express News

Private practices, public health clinics, employee and student health services, pharmacies, hospitals, and health departments find IAC's immunization products to be valuable for staff training and effective patient education. Making purchases in September is a smart move—to coincide with the start of influenza vaccination season. If your fiscal year ends on September 30 and you have extra dollars to spend, this is a good way to help your organization and IAC. If you can make major or bulk purchases, please do—and receive quantity discounts.

IMMUNIZATION RECORD CARDS
