

Complete survey on ABFM's Maintenance of Certification for Family Physicians (MC-FP)

The KAFP Board of Directors requests that you complete a short survey on the ABFM's Maintenance of Certification for family physicians (MC-FP). It's very important to the Board to get your feedback to develop KAFP's position. The link for the survey is: <https://www.surveymonkey.com/s/KAFPMC-FP>

The survey was launched based on a difference of opinion of regarding a resolution discussed at the Member Meeting during the KAFP Annual Meeting in June. There was testimony on both sides of the issue. The Board of Directors decided to take the pulse of the membership regarding the issue and see what YOUR experience has been and what your thoughts are about the value of the MC-FP. The Board will consider your input to develop the KAFP position on ABFM's MC-FP. Thank you for your input.
