

Urology and Men's Health to be presented at Annual Meeting

The KAFP is pleased to welcome Gretchen Dickson, MD to the 2015 KAFP Annual Meeting as a guest speaker for *Urology and Men's Health*.

Following her presentation, attendees will:

1. Understand how to screen for common genitourinary health issues that arise in the care of male patients including: prostatitis, benign prostatic hyperplasia, urogenital cancers, premature ejaculation and erectile dysfunction; and
2. Learn evidence-based treatment for these issues.

Mark your calendars to attend the 2015 KAFP Annual Meeting, June 11-13. The presentation is scheduled for Friday, June 12 at 3:40 p.m.

Gretchen Dickson, MD

Program Director, Wesley Family Medicine Residency, Wichita, Kansas
