PROVIDER ACCREDITATION

The National Esthetic Teacher Training (NETT), that was held May 16 - 17, 2010 in Las Vegas, NV, provides this Continuing Education (CE) activity. The NCEA Commission on Accreditation (COA) approved this webinar for 1.0 CE through May 17th, 2013.

**Webinar platform provided by an Unrestricted Education Grant from Universal Companies, Inc.*

GENERAL PURPOSE STATEMENT

The field of esthetics is changing rapidly and constant updates are required. Schools offering training beyond the basic scope of practice are presented with teaching advanced modalities like exfoliation, microdermabrasion, facial toning, medi-spa technology, laser or IPL light therapy, alternative therapies and the list goes on. One of the most intimidating parts of being the instructor is presenting new material, be it expanded science, technology or diversity of philosophy. This class will attempt to help you prepare for this challenge with confidence.

LEARNING OBJECTIVES

At the conclusion of this presentation the teacher will be able to:

- 1) Identify key questions to ask vendors regarding cosmeceutical products and their ingredients.
- 2) Examine labeling requirements for cosmeceutical products the FDA, CTFA and CIR.
- 3) Assess current ingredient technologies on the market today.
- 4) Create a "toolbox" for the student to use in the professional field.
