

Welcome to the State of New Jersey System for Administering Grants Electronically (SAGE)

This is the State of New Jersey's grant management system. This system requires authorization for access. If you do not have a username and password please click the **New User** link to request access to the site.

NOTE: Counties and municipalities are already established SAGE user agencies. New user access is established by your agency's officials in DQA.SAGE.

ATTENTION: Users for the New Jersey Department of Transportation and Division of Highway Traffic Safety must navigate to dot.state.nj.gov/IntellGrants to manage and apply for grant opportunities. Users for the New Jersey Department of Education should also use the link to access their FY13-15 IDEA and FY14-15 Perkins applications.

- On March 26th, 2018 The SAGE system will be upgraded to the newest version of the intelligrants software.
- Training sessions for all users will be scheduled from March 8th, 2018 through March 16th, 2018.
- Training announcement and registration information will be available on Local Aid website as well as SAGE Login page starting February 5th, 2018.
- If you have any questions or comments, please contact Local Aid Technology Solutions Group at (732) 625 4293 or send us an email at Komila.pandit@dot.nj.gov
- **IG16 Enhancements**
- IG16: Look and Feel is great, easy navigation with Tabs at the top. A new document menu which allows easier navigation to Forms, Status changes and Related Items and customizable landing page
- IG16 includes additional information about each program prior to the initiation of a document such as the application period, due date, and a description about the grant program. Users will also be able to filter by the program provider, name of program and due date range.
- IG16 has the ability to setup System Alerts to be on track with the process or any other due dates
- Tasks Menu: Displays document items that user needs to work on. If there are no tasks that user needs to work on "Tasks Menu" would not show up
- Form Features: Repeatable Rows as and when needed, Field Formatting
- Calculated fields are auto calculated as user tabs through the fields instead of to click SAVE and see
- Warning Message for User before removing user from an Organization
