Please join us once again for this popular networking event. This annual celebration has largely a social purpose in bringing together the diverse interests of the Construction Industry in common recognition of our important role in building a better New Jersey and improving the quality of life of all our citizens. Recently, there has been increased emphasis on the need for transportation funding and other infrastructure as well as construction's positive impact on our economy. Each year we have government and industry leaders as our guests to bring messages focused on New Jersey's future and the Construction Industry's place in it.

As of this date our confirmed speakers will be State Senate President, Senator Steve Sweeney, The NJ Dept. Of Transportation Commissioner Richard Hammer and , Rob Fischer, PE Chief Engineer of the NJ Turnpike Authority

The registration form is included for your convenience. Register early as space is limited and this is a sellout event.
