FIND THE RIGHT PARTS FAST!

Used by more than 1,500 dealerships in North America, **MagniFinder™** is the industry's most complete parts and service program with more than 100,000 parts and appliances! **MagniFinder™** places critical parts information into your hands so you can concentrate on the more important aspect of your dealership – your customers! **MagniFinder™** can also help manage your parts inventory. Send a fax or use the Internet to place orders without ever picking up the phone.

MagniFinder™ has changed the way we sell parts to our over the counter customers. Our customers look at a monitor and order the parts they need so there are no surprises when their parts arrive. We also print the diagram and parts list for our customers so they can order other parts.
