SENSATIONAL SPRAYS

When an event company asked Rockcastle Florist to provide “contemporary, long-lasting” designs for the mid-August 2013 PGA Championship, held in Rochester, N.Y., co-owner Wendy Rockcastle knew just the right product to use: spray orchids. The shop, with locations in Rochester and Canandaigua, created nearly 1,000 pieces with cymbidium and dendrobium orchids in shades of white, green and burgundy for the tournament’s sponsor and hospitality tents. “The orchids were amazing to work with on a large scale,” she said. “And, I kid you not, one week after design and transport, they looked just as beautiful as the day they were installed.”
