

## **SCAPTA Sign Language Workshop**

**TITLE: An Introduction to Sign Language for Physical Therapists**

**DESCRIPTION:** This presentation will provide participants with the knowledge of some basic ASL vocabulary words, the manual alphabet and numbers 1-10. Material covered includes the benefits of using sign language with patients who are pre-verbal, non-verbal, have poor speech intelligibility, or hearing loss

**PRESENTER:** Jill Eversmann, MS, CCC-SLP

Jill is a Speech-Language Pathologist with over 25 years experience, and a sign language instructor. She is an Adjunct Instructor at Columbia College where she taught a new course last semester: *Sign Language for Teachers and Speech-Language Pathologists*. She is the owner of Speech Signs, LLC, a speech therapy and sign language instruction company, is a presenter at professional development workshops and conventions and teaches sign language classes for parents and children.
